Education

Bachelor's degree in Interaction Design │ Cape Town Creative Academy │ 2021 – 2023

Matriculation │ St Andrews College │ 2016 – 2020

Work Experience

James Perse Enterprise | Senior Client Advisor | January – November 2024

"Managed customer relationships. Managed data input of stock. Applied user-centered design principles in retail. Gained valuable insights into customer interactions."

Scrums (formally SovTech) | Internship | June – December 2023

"Tasked with optimizing existing systems using the React framework. Ran tests, improving code for reusability and readability, and implementing dynamic design principles. Additionally, I explored AWS, including Lambda functions and cloud hosting."

Trinity IOT | Internship | Nov 2022

"Contributed to a frontend application while gaining foundational knowledge of Django. Assisted in revising elements of a monthly team newsletter, refining its presentation and content."

Projects

NextJs Image Gallery | NextJs, Vercel, Unsplash, Typescript | January – November 2023

NextJs Discord Clone | NextJs, Clerk, PlanetScale, Tailwind, Prisma ORM, Typescript | January – November 2023
